VOLUNTEER OF THE MONTH

Question: If you had 16 cats, 2 dogs, a house, a full-time job, and a ceramics business, what would you do in your spare time?

Answer: Do as Peggy Biderman does-board cats for People for Animals! Peggy provides another invaluable service for PFA by organizing and maintaining a referral list of available animals from any and all sources for those who may be looking to adopt. In this way if I hear of someone who is looking for a long-haired grey cat, I call Peggy and ask if anyone she knows is looking to part with such an animal. If they are, she will refer me to that individual.

In addition to all these activities, Peggy is also a delightful person. She is the divorced mother of two sons. She never had cats until recently. She says that 5 years ago a cat came to her door half-dead and starving and she took him in. Her reputation soon became known among the feline population, and one by one they came to Peggy's door. The rest is history. Though her cat "family" is a large one, they all seem to get along well with one another, even the boarders. Asked how she keeps up with all the work she answered, "I just do it, that's all." Peggy, you are an asset to People for Animals.

JANUARY PROGRAM

Due to a tragedy involving a lost dog, our Nov. program had to be cancelled. Fortunately the speaker, Andrea Smith, has consented to be with us on Jan. 18 at 7:30pm at the Sunnyside Branch, Linden Library, 100 Edgewood Rd, Linden. She will give helpful hints on how to groom our own pets. Andrea will assist professional groomer, Yvonne, who will demonstrate techniques.
